

[illegible]

The map shows a topographic representation of a region with contour lines indicating elevation. A proposed road layout is highlighted in red and blue. The red line follows a path through the landscape, while the blue line shows a more direct route. The map includes labels for 'Uhuji' and 'Zemlj'. The red line starts from the left, goes south, then east, and finally north towards the right. The blue line starts from the left, goes south, then east, and finally north towards the right. The map also shows a river or stream on the right side, flowing from top to bottom.
